

Indelibly You

With a band-aid as my ring  
A journal as my bible  
The fruit keeps up with us  
As we ripen

Something's in my overcoat  
In the lining of my mind  
Irrepressibly aware  
It's my time 3x

Chorus:

Who are you longing to be?  
The version they said  
You should be instead  
Now that you know  
You are free  
Indelibly You 2x  
Coming through

I'm a lunatic in love  
But the hermit's by my side  
Kicking me so hard  
I can't lie

Unsequestered by a truth  
That some light comes from my drive  
With an emphasis on dreams  
Coming true 3x

Chrous

Bridge:

This slate is clean  
But not from heaven  
Born a little wild  
Woman's still a child  
I made my way for  
This drum I beat today  
Indelibly You 2x  
Coming through  
Indelibly You 2x  
Coming through  
Always.....
